

FRANCIS MUTUMA

This picture was drawn by Francis

Francis used to live on the streets in Kenya, abandoned, lonely and afraid, traumatised by years of neglect and abuse, with every day a fight to survive from starvation. But thanks to New Life Nyambene, he now has a loving home and the chance to go to school.

New Life Nyambene is a small charity in the Nyambene region of Kenya, with a mission to rebuild the lives of children like Francis, by giving them long-term support and access to an education, with the end goal of self-sufficiency and a full role in their society. A partnership between Kenya and the UK, our Children's Home and vocational training centre for street and destitute children are run by a dedicated team of Kenyans from the local community. With no paid staff in the UK, only volunteer fundraisers, all of the money raised goes directly to the children in Kenya.

Thank you for buying Francis's card. All of the money raised from this card will go towards buying school equipment, food and other essential items for the children. Your gift is a lifeline.
